

## Queen/King of the Court Illustrative Player Rotations

After each game, winning teams split and move up one court, losing teams split and move down one court.

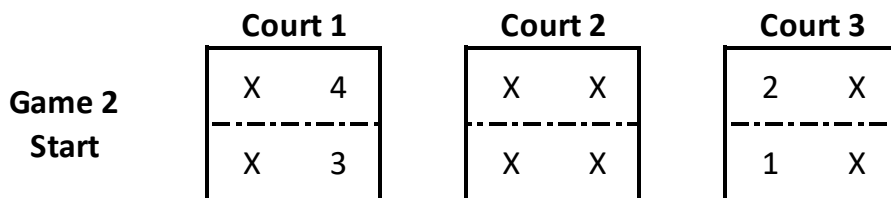

**When game is finished:**

- Players in each court rotate one position counter-clockwise on the court from starting positions, so partners are facing each other across the net.

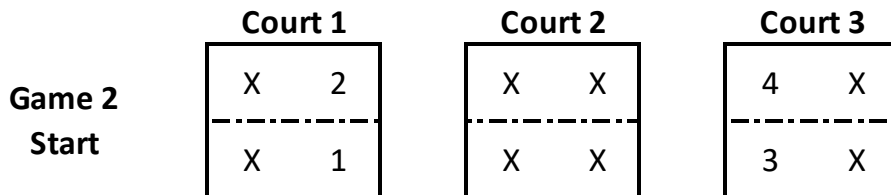

- Winning team slides from new positions to near side of next higher numbered court
- Losing team slides from new positions to near side of next lower numbered court

**If team 1 2 wins Game 1:**

**If team 3 4 wins Game 1:**

- Winning team on Court 3 moves to far right of Court 3
- Losing team on Court 1 moves to far left of Court 1
